PORTFOLIO BALATON PRINTING HOUSE

HISTORY

Printing House was established on 1st June, 1988, by Gyorgy Balaton, printmaker. Balaton Stampa takes over activity continuity from 20.09.2011, founded by Anna Maria B.Sc. graph. ing. Continues with the development and after 30 years of existence, production cycle is completely rounded. From editing through printing and finishing to expedition.

Our development characteristics is that we were always the first to introduce the newest technological solutions in our production. So we have now enriched the production with Hybrid and digital technology. Flexible, easy adaptable, with quick response to client requests, with timely deliveries in agreed quality we have contributed to maintaining a permanent continuous cooperation with our clients. Our business goal is keeping a long-term business partnership with high demanding customers.

The image displays a comprehensive branding package for Rakija Katz. At the top center is a clear glass bottle of Rakija Malina with a silver cap and a label featuring the brand name and a cat silhouette. To the right is a tall, dark box for Rakija Svezhenja, also featuring the brand name and a cat silhouette. In the center is a large, dark folder or brochure with a stylized white cat silhouette and the brand name. To the left is a smaller box with a photograph of a man. Below these are several business cards and a small box, all featuring the brand name and cat silhouette. The entire set is arranged on a light blue background.
